Platte River Ferry,

MOUTH OF THE CACHE LE POUDRE RIVER.

JOHN S. SMITH, & CO.,

Have established a FINE ROPE FERRY across the South Platto at the above-named Point—where Emigrants can be crossed without detention. And all Emigrants and Traiss, who wish to save the sand on the South Platte, will cross the same to the North side, at the Salt Lake Crossing (mouth of Lodge Poll Creek), thence by John Smith's trail, on which they will find good grass, wood, and water, at no place further than eight miles apart, with no sand on the route, and a saving of SEVENTY-FIVE MILES in distance to the month of the Cache La Poudre River; which makes thus the shortest and best route, yet discovered, to the mines—and Emigrants will save time, stock and money by this route, to which we invite the attention OF ALL TRAVELERS TO THE KANSAS AND NESHASKA OF ALL TRAVELERS TO THE KANSAS AND NEBRASKA

Men toll, work, slave, nay almost sin, to-support their families—perform almost ev-ery judicions aet for their welfare and hap-piness, EXCEPT INSURE. It is the piness, EXCEPT INSURE. It is the common omission of the majority—ever-looking the dangers of the fature in the security of the present. To remedy this fault only requires seriously thinking on the subject. Wisdom and thrift will always elect to adopt the conservative principle of Insurance, to avert the unhappy consequences of such "slings and arrows of outrageous fortune" as are produced so frequently by the blasting visitations of first to our homes.
